BILL PRENTISS - GENERAL GRAND CHAPTER COMMITTEE MEMBER - CANCER

Indy's Back . . . Let's Whip Cancer California

Dear Sisters and Brothers,

Everyone has been touched by cancer, either directly or by a family or friend. Science is making breakthroughs regularly, but we need to help. You can make a difference. We can advance cancer research right here in California.

As your General Grand Chapter Committee Member for Cancer in California, Indy has come back to assist in our campaign. Our "Let's Whip Cancer California" campaign will focus on ALL our Cancer related funds: Cancer Research, Cancer Assistance: J. Clifford Lee & Marguerite Rennie Memorial Funds, along with Patient Comfort and Relay for Life. What is wonderful about our program is that "what we RAISE in California, STAYS in California."

All these funds help with the much-needed research and assistance to our members throughout this great state. We will have various events throughout the year, up and down California with opportunities to give & support our program. So, what do you say... "Let's Whip Cancer California"

Bill Prentiss
